LED cabinet spot lights - UL listed

Input 100 - 130 VAC

Power - 7 Watts

Angel - 45°

Lumen Range - 450 - 500

Not for dimming

Warranty - 3 years

UL, ULc listed

Over power protection

Short circuit protection

Puck Socket :

PMMA cover for lens , 94% high light transmittance, make sure that the light spread is softly and balanced..

Electric circuit with PFC construction could effectively increase power factor more than 0.92,

and greatly decrease the harmonic current impulse, helpful for power saving.

Heating sink is designed base on "Module thermal balanced"and"Module thermal separation"

so that the heat in led and led driver be separated to assure driver and led longer life.

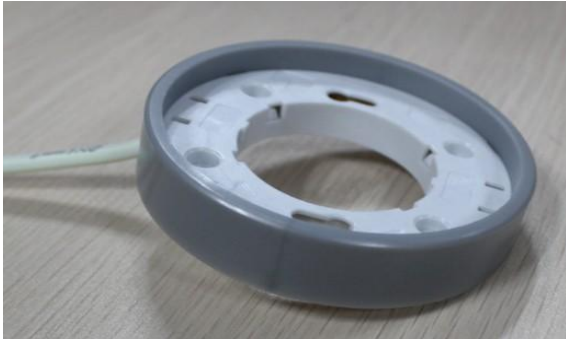

Aluminum alloy lamp housing with streamline outlook, made by high thermal conductivity and precision lathe,

could fully export the led quantity heat and reduce the light dissipation effectively.

CRI , light efficiency ,light degradation all in coincident with LM79 and LM80(energy saving star

Dust-proof up to IP6X

Gray socket

White socket

Item Codes :

LSP7W-WA :

white socket, Metal puck light, warm white 2700-3300 K

LSP7W-CA :

white socket, Metal puck light, cool white 4000-4500 K

LSP7W-DA :

white socket, Metal puck light, daylight 6000-6500 K

LSP7S-WA :

Gray socket, Metal puck light, warm white 2700-3300 K

LSP7S-CA :

Gray socket, Metal puck light, cool white 4000-4500 K

LSP7S-DA :

Gray socket, Metal puck light, daylight 6000-6500 K
